Overview

Memorial Sloan Kettering Cancer Center is pleased to announce the **Interventional Cancer Pain Symposium (ICPS 2017)**. This symposium will showcase the state of the art techniques for management of cancer pain syndromes. We will focus on disease specific paradigms for cancer pain treatments. Furthermore, our faculty will be teaching advanced procedures which pain physicians, neurosurgeons, radiologists, rehabilitation and other specialists may use to treat their cancer patients.

In Partnership with: World Institute of Pain, The New York State Pain Society, The American Academy of Pain Medicine, Cancer Pain Research Consortium, World Academy of Pain Medicine Ultrasonography, New York Society of Interventional Pain Physicians, and New Jersey Society of Interventional Pain Physicians.

Abstracts

Memorial Sloan Kettering Cancer Center (MSK) is pleased to invite you to submit an abstract for presentation at the Interventional Cancer Pain Symposium. Abstracts for the poster session will be selected on the basis of their scientific merit and content quality.

Abstracts should not to exceed 250 words and the deadline for submission is August 1, 2017. Click on the abstracts button for further instructions.

Objectives

1. Discuss and implement treatment paradigms for specific cancer pain syndromes
2. Perform common procedures which may improve an oncologic patient's pain symptoms
3. Discuss complicated oncologic cases with experienced faculty in the field of cancer pain medicine
